

**WAKE UP**

**EARTH DAY 4/22/2021 - HANCOCK FIELD (AFB)  
WORLD ON FIRE!**

Please join us at the main gate of Hancock Field (AFB),  
6001 E. Malloy Rd, Mattydale, NY (Syracuse) Thursday,  
April 22, 2021 - 11 AM. We will gather beforehand at 10:15  
am, at the May Memorial Church parking lot at 3800 E.  
Genesee St., Syracuse. Save the climate! Ban killer drones!

No arrests planned...Masks required... social distancing  
Bring a friend... Please share this invitation.

**MARS IS NOT  
AN OPTION!**

**EARTH DAY 2021 - HANCOCK FIELD  
WORLD ON FIRE!**

Our action, World on Fire, cries out that the U.S. military is wounding our climate  
24/7 and if we want our children to have a livable future this simply must be

stopped! We are gathering at Hancock Field (AFB) as the 174th Attack Wing pilots MQ9 Reaper drones that are murdering people in the Middle East and Africa.

Drone warfare is one component of the vast military mega machine which consumes fossil fuels relentlessly. The U.S. military is the single biggest institutionalized emitter of carbon dioxide in the world, more than most nation-states.

What we stand for is what we stand on, our lovely mother planet Earth. Please help us defend her. This event is organized by Upstate Drone Action. Learn more at <https://upstatedroneaction.org>.

No arrests planned...Masks required...social distancing....Bring a friend... Please share this invitation.
